

Driveway Gates from Amazing Gates

www.amazinggates.com

Our driveway gates and fence are constructed from hot dipped galvanized steel and given a baked on powder coat finish for maximum strength and durability. Standard driveway gate sizes are 12ft, 14ft, 16ft, and 18ft. We can provide other sizes as a "Made to Order" gate for an additional charge. We also offer all of our gates as a sliding system. Please see our website for monthly specials, pricing, and matching fence and garden gates. Call us at 1-800-234-3952 with any questions you have.
